

# GH 1062 RF GAS HEATERS

## Product data sheet

Product range	Gas heaters
Product type	Ceramic gas heater
Brand name	Qlima
Model	GH 1062 RF
Colour	Stainless steel / black
EAN code	8713508746111

## Technical specifications

Number of capacity settings	3 gas heater settings 2 electrical fan heater setting	
Capacity gas heating	kW	1.4 - 2.7 - 4.2
Capacity electrical fan heating (min - max)	kW	1.0 - 2.0
Gas consumption (min - max)	kg/h	0.139 - 0.300
Power supply	V/Hz	230 / 50
Current (max)	A	10
For rooms up to (max)	m <sup>2</sup> / m <sup>3</sup>	82 + 205
Control	Manual	
Dimensions indoor (w x d x h)	mm	415 x 370 x 710
Net weight	kg	13.4
Protection class	IPxx	IP20
Cylinder capacity (max)	kg	15 kg butane cylinder
Gas bottle compartment size (diameter / height)	mm	310 / 550
Burner time tank (min - max)	hr	50 - 107
Guarantee	years	2

*\*based on a gas cylinder of 15 Kg.*

HOME MADE CLIMATES

# GH 1062 RF GAS HEATERS

3 Heating settings

Oxygen depletion safety system

Tip over safety switch

Easily movable

Fast piezoelectric ignitor

## Features

### Heater settings

The Qlima gas heater has 3 heater settings, to adjust the heating capacity according to the desired room temperature, plus the additional fan heater.

### Instant heating

No waiting for the heat to build up over hours, just turn the knob and you have instant radiated heat to warm your hands and feet. At the same time gently warming convection heat will bring a warm glow to the whole room.

### Efficient and quiet

The Qlima Ceramic gas heater is efficient and quiet.

### Electrical fan heater

This electrical fan heater with an extra power of 2000W (max) can be used to give the warm airflow an extra boost. The warm airflow will reach further and travel faster in the room, providing the user a warm and comfortable temperature.

### Design

The Qlima gas heater is part of a stylish range of Qlima products.

### Full colour box

The unit is delivered completely in a full colour box showing applications and operation information in several languages.

### Portable heater

Castors are attached underneath the heaters body, to move it easily.

### Flexible

The Qlima gas heater is capable of heating any room at any time. All Qlima gas heaters are highly versatile, highly mobile and can be used to provide extra warmth to draughty hallways and lounges or for keeping you warm whilst working in the studyroom.

### Oxygen depletion safety system (ODS)

This Qlima gas heater is equipped with an oxygen depletion safety system (ODS). This system interrupts the gas supply when the level of CO in the air is higher than the minimum authorised safety limit. All of this happens long before you would feel the effects.

### Piezoelectric ignitor

This device takes care that the heater can be ignited easily.

### Tip-over switch

The tip-over switch will automatically shut off the heater when the unit is tipped over.
